2022 Pricing Guide

Hello, we are Tim and Lea Miller - a husband and wife team dedicated to providing quality photographic work at reasonable prices. We specialize in family, child and newborn photography as well as senior pictures and head shots. No, we do not do weddings or events. We leave those to the experts in their fields!

We strive to make our photo sessions relaxed, comfortable and fun. We believe the best photographs come from this type of environment. Every photographer is different in style, quality and price so take a look at our pricing information and check us out on Facebook to see if what we do is right for you. If so, give us a call at 502-644-4938 or send us a Facebook message at [Facebook.com/TimothyMillerPhotography](https://www.facebook.com/TimothyMillerPhotography).

Thank you!  
Tim & Lea

## Our Studio

Lea and I have a small studio in our home we use for newborns, babies, toddlers, small families and head shots. We have dozens of backdrops for babies and toddlers and several solid color backdrops for families. We also have an assortment of props such as baskets, chairs, blankets, newborn stretch wraps, etc. But we're not big fans of elaborate props. We prefer a clean, bright, uncluttered style. We focus on capturing genuine emotions in bright, pleasant photographs!

# Newborn Sessions

Newborn sessions are very hard to schedule. Typically there is no way to know exactly when your new baby will arrive. We suggest you contact us before your due date and request a tentative date for your photo session. Newborn sessions should be done within the first 7 days after delivery if possible. Contact us as soon as possible after your baby arrives and we should be able to get something on the schedule that week.

On the day of your photo session be prepared to feed your baby once you arrive at the studio. Many times mothers will feed their baby, get them to sleep and then drive to the studio. This seldom works! In our experience, the best plan is to bring your baby to the studio ready to eat and sleep! Also be prepared to feed your baby at least once more during the session. We have a private area with a rocker if necessary.

If you plan to do family, mother/baby, father/baby or sibling pictures, we recommend wearing solid colors – preferably neutral colors such as white, beige, cream, etc. Baby can be wrapped in one of our many swaddling fabrics to coordinate with your family's color scheme. Newborn outfits seldom photograph well as they tend to swallow up the baby and make it difficult to see them in the pictures.

Note that we keep the studio very warm (~80 degrees) during newborn sessions. This is for the baby's comfort. It can start to feel pretty warm!

Finally, a newborn session can be quite long, sitting quietly in the darkened studio waiting for the baby to go to sleep. If you plan to bring a toddler along for sibling pictures it may be a good idea to bring another adult with you. Once the family/sibling pictures have been taken the other adult can take the toddler out for ice cream during the rest of the session. The toddler will be happier, and the baby will sleep better!

# Travel Fee

We do the majority of our outdoor sessions at Farnsley Moremen in Valley Station and Blackacre Preserve in Jeffersontown. We can travel to other locations within reason but a travel fee will be applied for locations outside of the 40214, 40258 and 40272 zip codes.

Travel Fee \$75
